

Akbar Dhia

Cibinong, Bogor • akbardhia19@proton.me • +62 895-3732-43737

Summary

A recent graduate of a vocational high school (SMK) with a major in Software Engineering, possessing hands-on experience as a front-end developer intern at the Ministry of Cooperatives, and actively working as a freelance full-stack developer on digital economy platforms for the school environment. Skilled in modern web technologies and deployment infrastructure.

Education

SMKN 1 Cibinong Software Engineering (RPL)	Cibinong, Bogor 2023–2026
--	------------------------------

Experience

Ministry of Cooperatives <i>Full-Stack Web Developer (Internship)</i>	Jakarta 2025–2026
---	----------------------

- Developed ODS Form, an internal form builder application based on React and Laravel—with functionality similar to Google Forms for the ministry’s internal needs
- Developing the ODS Mandiri feature for managing data on cooperative partners and branches
- Took full responsibility for the end-to-end development of ODS Form, covering frontend, backend, deployment, and server management

Solera — Digital School Marketplace Platform <i>Freelance Full-Stack Web Developer</i>	Remote 2026 – Present
--	--------------------------

- Building an integrated digital marketplace platform for the school ecosystem, including digital wallet, marketplace, and payment gateway integration modules
- Implementing a modern tech stack: Next.js, Express.js, Prisma/MySQL, Docker, and Midtrans/Xendit integrations
- Collaborated in a two-person team with DevOps and full-stack roles

Technical Skills

- Frontend: React, Next.js, Tailwind CSS, shadcn/ui, TypeScript
- Backend: Laravel, Express.js, Go, RESTful API, Payment Gateways (Midtrans, Xendit)
- Database & ORM: MySQL, SQLServer, PostgreSQL, Prisma
- Infrastructure: Docker, Nginx, Cloudflare Tunnels
- Tools: Git, GitHub, Figma

Certifications

- BNSP Competency Certification — Scheme: Junior Programming (Junior Coder) | BNSP/LSP (2026)
- TOEIC® (Test of English for International Communication) — Score: 765 | ETS (2026)

Languages

- Indonesian — Native
- English — Professional working proficiency
